8. A.O.B

Newsletter/Flyer – this was thought to be a good idea by everyone present. Caroline asked for content ideas by the time of next meeting e.g. Wendy suggested the grass cutting information should be included.

Mineshaft Hole at Dorchester Ave. – the fencing around the hole does not look secure and although LES say that the shaft is capped there is still a drop about 3m deep. Caroline will send a letter to MacTaggart and Mickel asking them to attend to this.

Kelvin Walkway Grass-cutting – Lawrence asked if a grass-cutting programme was available. Martin and John will look into this.

Closure of Facilities during Commonwealth Games – mid-May to 18th August 2014.

Buses – Graham MacLean asked what was happening with the buses. Caroline explained that the bus was withdrawn because there were not enough people using the service. Graham suggested the 6A coming along Dorchester once per hour after 6.30pm. It was decided we would re-visit this issue with new ideas and Caroline will contact First Bus/SPT. John will also take this up with First Bus/SPT.
