**1. MINUTE OF LAST MEETING:**

To be approved at November's meeting. Minutes for August - Stuart Burns has attachment (with IT problems) and will file them - no further action necessary.

**2. MATTERS ARISING**

Newsletter - there have been some sign-ups for the Newsletter through the web site. The content is nearly finalised and final copy should be ready by this weekend. Could committee members please confirm the streets they are able to make deliveries to. Wendy suggested we might be able to distribute the newsletter along with the Church Christmas cards at the end of November.

Mineshaft - The contractors carrying out the gas works are aware of the shaft but have no plans to deliberately avoid it. Martin will write to the contractors asking them to lay the gas main around the shaft.

Trains - Patricia is hoping to get a Community Rail Partnership Group together, this will be able to comment on issues relating to the railway line. We still have concerns about the lack of a pavement on the bridge by the station. Work is being done on the canal path - Martin will write to Scottish Canals to find out what is happening. Could the old gas works be used a parking area for both regular and disabled spaces?

Playpark - ongoing but should be completed by Easter 2015 when we should try and organise an event to celebrate.

Community Walks - all walks are now health walks and much shorter. If walkers wish they can form their own walking group and ask for support from Glasgow Life.

**3. COUNCILLORS REPORT - none**

**4. POLICE REPORT - none**

**5. TREASURER'S REPORT**

Balance Available on 30/9/14 is £398.90
