The timetable is on-line and we will ask for it to be posted at bus-stops. Local residents need to use the service to make it viable. Bus information will be posted on our web site, facebook page and given to local shops and schools. Any bus feedback to martinbartos@spt.co.uk

Cllr Martin Rhodes: Although Cllr Rhodes was unable to attend in person, he provided notes to the secretary for the meeting:

M4 Bus - offered update on correspondence with bus company and reported reinstatement of subsidised bus.

323 Kelvindale Road - The application is for 2 dwelling houses which would therefore mean reduced space for any commercial activity.

Weeds and Gullies - LES to treat in June, July and August as well as look at different options for dealing with this issue.

Scout Hut Ripon Drive - MacTaggart and Mickel have plans to demolish the Scout Hut and build 32 flats on the land they have owned since 1943. They would consider replacing the Hut if a suitable site could be found and Martin has written to the Scouts. In 2009 the planning application was for 15 flats and replacement of the Hut, the 2017 renewal planning application is for 32 flats and no replacement of the Hut.

4. POLICE REPORT:

5. TREASURER:

Balance £704.24 (27 July 2017). Another newsletter, cost £90 approx, to be issued around end of August 2017.

6. PLANNING:

Dorchester Ave - Agent hopeful planning application is going to Committee in August 2017.

Land opposite 30 Dawsholm Road - planning application has found a safe route over the rail bridge to allow for the possibility of development.

Scout Hut Ripon Drive - KCC will put in an objection to the increase in number of flats to be built on Ripon Drive and the non-replacement of the Scout Hut. Caroline will contact the Scouts and ask if there is any way we can help.

Cllr. Bartos took no part in this conversation as he sits on the Planning Committee.

7. AOB:

Minor Injuries Service - under review. Please respond with views to sw_communicationsunit@glasgow.gov.uk by 1 September 2017.

Swing park - needs better cleaning, Nick to speak to LES.

Playing Fields in Kelvindale - are they safe from mineworkings? Mineshaft at back of Kelvindale Primary School monitored every month.

Vehicle Idling (Dorchester) - GCC have put up notices saying there is a £60 fine if caught but there are no wardens to enforce this fine. It is a Civil not a Police matter. However, Caroline will contact Maryhill Police Station to see if they could ask Environmental Health to act. Cllr Bartos will also check if it is Environmental Health who deal with this and not some other department.
