

KELVINDALE COMMUNITY COUNCIL. Minutes of Meeting, 15<sup>th</sup> June, 2017. Kelvindale Bowling Club.

PRESENT: Ken Windsor, Rosemary Guerrier, Cllr Martin Rhodes, Cllr Kenny McLean, Claire Craig, Ian Sutherland, Laura Sutherland, Caroline Johnston, Nick Bell

APOLOGIES: Wendy Grannon, Anne Gasteen, Carol Gilbert, Cllr Martin Bartos

Ken welcomed everyone to the meeting and said that we send our condolences to all those affected by the fire at the Grenfell Tower in London.

## 2. MINUTES OF LAST MEETINGS:

March - proposed Ken Windsor; seconded Rosemary Guerrier

May - approved with amendment from Cllr Rhodes regarding SPT and bus subsidies; which would be considered once the M4 route was withdrawn.

## 3. MATTERS ARISING:

Planning - Martin awaiting clarification but it appears there is no change of use for the site and that the application is for 2 residential units which would mean reduced space for any commercial unit. The objection still stands and Martin will check if the planning application has been re-submitted. Residents close to the site are affected by the dust and noise and say they are breathing in silica.

Memorial/Shrine on road at St. Gregory's Church - Caroline Johnston has spoken to Father Jim at St. Gregory's Church and he is trying to get in touch with the families to see if an alternative memorial could be suggested.

Notice boards - problems with getting the replacement perspex for the notice boards - suggest contacting Stuart Burns in the Community Council Office.

Scottish Gas Networks - the gasometers will be decommissioned however they may be listed. Could the community be involved in what happens to the land?
